Families who study cleanliness, economy and comfort, are re-

mmended to call at 71 Gold-street and examine Wills's PATENT PREMIUM REDSTEADS, for which the silver medal was awarded at the Fair of the American Institute in 1829. These Bedsteads utterly preclude the possibility of any vermin effecting a lodgement, whilst it gard to durability and cheapness, they stand unarrealled. They also possess the important advantage of being put up or taken down in less than a minute. An examination will prove that every thing desirable in a Bedstead has been concentrated in this ne plus utire of Wills.

in connection with Dr. Felix Gouraud's Depilatory POWDERS.

THE Sculpter, whose study is to imitate the exquisite workmanship of nature, partrays in his model of the human form, a broad and elevated forehead. This developement is not only consonant with, but sametimes necessary to the possession of a high order of mental faculty. If a fine forehead is a mark of intellect, it is no less an essential element of personal beauty; and it is of importance to those, and there are many such, possessed of this prominent feature, though obscured by the encroachments of a too luxurious growth of hair, to remove that portion of an excresence which tends, in their case, only to deform. This can be done safely, speedily, effectually, and if used in accordance with directions, without the least inconvenience, by Dr. Felix Gourand's Depilatory Powders. The furze of the lips, when annoying, or the short hair on the back of a lady's neck, when too apparent—the hair of a mole, or the beard, when high upon the check, may all be removed, and eventually the rosts destroyed, by the use of this preparation.

Manufactured by Dr. FELIX GOURAUD, 67 Walker str. Broadway, and for sale in this city only there. Price \$1

This is indeed a rara avis of its kind, and most effectunl, as it cured the President's lady of a most distressing chronic cough of several years standing, in the most incredibly short space of four hours.
